Frederick Indoor Sports Center Offers FREE Membership To College Students

Area college students receive discounts and rewards from the Frederick Indoor Sports Center (FISC)—just for being a student. Any eligible student at Frederick Community College, Hood College and Mount St. Mary's University receives a FREE FISC ID/Perk\$ card—a \$25 value! To obtain a card, students must visit the FISC Welcome Desk and provide two valid IDs including a driver's license and school ID badge.

FISC has a unique membership and monthly payment plan system. "No one else in the industry is doing this. Just like at a fitness center, anyone who participates in any program gets a FISC ID card. But ours is also a rewards/perk card. Every time you spend money, you earn points. Points get you coupons for discounts to the Replay Café, for FISC programming and on cool stuff offered by our advertisers and sponsoring businesses," says Tony "C" Checchia, FISC Owner.

FISC is a 65,000 square-foot indoor sports and training venue featuring state-of-the-art playing conditions. An average of 15,000 adult and youth visitors go to FISC every week to play sports, take part in events or enjoy a meal at the Replay Café. Soccer, lacrosse, field hockey, flag football - even bubble soccer - are played year-round on its two professional turf fields.
